

# Anthony Wilson

Executive Vice President, Customer Service & Operations • Georgia Power

Anthony Wilson was elected executive vice president of Customer Service & Operations, effective Jan. 1, 2012. In this role, he leads the company's customer service efforts while operating and maintaining an electric system that serves more than 2.4 million customers in all but four of Georgia's 159 counties.

Since joining Southern Company in 1984 at Mississippi Power, Anthony has held numerous leadership positions in many areas of the company. At Mississippi Power, he served as manager of the Meridian division and the Columbia area, assistant to the president, assistant plant manager, and region power delivery manager. In 2002, Anthony joined Georgia Power as manager of marketing regulatory affairs before going on to serve as general manager of distribution, vice president of distribution, and vice president of transmission.

A native of D'Iberville, Miss., Anthony has a bachelor's degree in electrical engineering from Mississippi State University and an MBA from the University of Southern Mississippi. He also is a graduate of the Oxford University Advanced Management Program.

He serves on the advisory board of the School of Electrical and Computer

Engineering at Mississippi State University, where he was selected as a Distinguished Engineering Fellow in 2009.

Anthony also serves on the board of directors for the Power Delivery Committee of the Association of Edison Illuminating Companies, and the executive committee for the Southeastern Electric Exchange. In addition, Anthony is a member of the American Cancer Society Executive Leadership Council and a member of the board of directors for 21st Century Leaders.
