

A child is sick . . . a job is lost . . .

When you join Project SHARE, you will make a difference in the lives of people every day.

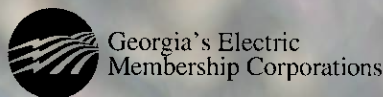

“Project SHARE is a partnership which recognizes the need to help those in emergency situations. Every person who contributes one dollar or more each month through their utility bill joins hands with The Salvation Army, more than 30 utilities and thousands of other concerned Georgians to help meet those needs.”

— **Major Jim Arrowood**
Commander, Georgia Division
The Salvation Army

What is Project SHARE?

Project SHARE provides emergency assistance to Georgians who need help with basic necessities—housing, food, medical care and utility services. The program assists the elderly, the disabled, the unemployed, the sick and others who are experiencing financial hardship.

Since 1985, SHARE has helped more than 1 million people throughout Georgia.

How does SHARE work?

Clients in need apply for Project SHARE assistance at The Salvation Army office in their county. In those counties where The Army does not maintain offices, SHARE requests are processed by approved social service agencies. Eligibility requirements for SHARE recipients are set by The Salvation Army.

Project SHARE is administered by The Salvation Army, and is funded by utility customers who donate through their monthly bills. All contributions are forwarded to

The Salvation Army and are allocated for assistance in the county where the donation was made. Project SHARE is, literally, Neighbors Helping Neighbors.

“Project SHARE is about the community giving back. Funds come back to the county where they were donated. It’s actually people helping people in their own community.”

— **Trixie Whitlock**
Social Service Generalist for the
Jackson County Department
of Family and Children’s Services

“I had to go to The Salvation Army for help with my utilities. I knew I couldn’t do it by myself.”

—SHARE recipient, working mother of three

How can I help with Project SHARE?

To participate in SHARE and become a part of the network of neighbors, you can pledge to contribute \$1, \$2, \$5 or more each month. The amount you select will be automatically added to your utility bill. To enroll, simply contact the customer service department of your local utility or call 1-800-25-SHARE. You may also complete and mail the attached enrollment card.

What is Georgia Power’s involvement?

The original partnership between Georgia Power and The Salvation Army has grown to include most of Georgia’s Electric Membership Corporations (EMCs), Gas South and many municipal utility companies. Each company provides an efficient means for customers to participate in SHARE by making it possible to include charitable donations with utility payments.

Georgia Power matches their customer donations. Each contribution then has twice the impact to help people in need. Please join us in this unique corporate-charitable partnership providing service to your community. Your donation has the power to change lives in your neighborhood.

For more information about Project SHARE, please call **1-800-25-SHARE**.

“I became a member of Project SHARE because it is one of the few programs that we have where we are able to double our efforts at the local level. For every dollar that we raise, our partner in Project SHARE, Georgia Power, provides a matching dollar.”
